WHAT WE OFFER

We offer luxuriously styled parties, corporate events and essential oil workshops.

Indulge yourself in pure scents and natural ingredients. Whilst creating your own low tox bath, body or home products. Bec and Prue will give you all the tips and tricks on making low tox products through the use of pure and natural ingredients accompanied by Essential oils.

They will give informative information on the health and emotional benefits of using essential oils and how you can incorporate them into your daily routine.

ABOUT US

Our name 'Low Tox Lab' stems from the workshops we run where we mix ingredients to create beautiful, clean alternatives to supermarket products filled with 'nastys' and teach and guide you on how to make your products from cleaning to well-being and more!
